ORDER :

The Engineer-in-Chief(AW), I&CAD Dept., Hyderabad in his letters read above has stated that the Government envisage to give impetus to the Irrigation Potential. The Quality Control is the back bone for successes of the Projects. Quality Control wings were formed from time to time, whenever irrigation projects were taken up in the state. Presently existing quality control circles and Divisions formed for certain Major Irrigation projects entrusted with the work of monitoring of Quality Control of other projects, as and when necessitated. The quality control division jurisdiction presently spread over in (3) to (4) districts. The Engineer-in-Chief(AW),I&CAD Dept., Hyd. has therefore proposed to re-organize the Quality Control unit to have uniform work load and compact jurisdiction for effective monitoring of works and requested to issue orders.

After careful examination of the above proposal, Government hereby Reorganize the Quality Control Unit of Irrigation & C.A.D. Department by keeping the existing two quality control circles i.e., Hyderabad and Warangal under the administrative and technical control of the Chief Engineer, Quality Control, Hyderabad to look after the Quality control aspects of all Major, Medium and Minor Irrigation works including Mission Kakatiya. The unit of Chief Engineer, Quality Control, Hyderabad will function with the following two circles and eight divisions as proposed in the letter 2nd read above, having total cadre strength of (500) posts in different cadres as shown in the Annexure appended to this order.
